**DETAILED ACTION**

***Status of the Application***

1. Claims 2-3 and 5-12 have been examined in this application. This communication is in response to the "Remarks" and "Amendments" section filed on February 8, 2006. This Office Action is Final.

***Claim Rejections - 35 USC § 103***

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claim 2-3 and 5-12 are rejected under 35 U.S.C. 103(a) as being unpatentable over Volz in view of HealthCare and in further view of SimpleCare and in even further view of "M&T Bank NA launches its 5<sup>th</sup> cobranded credit card and 3<sup>rd</sup> supermarket" published on February 12, 1996 (hereinafter referred to as M&T)

(A) As per claims 2-3 and 5-12, the rejection of these claims over the first three recited references was set forth in the Office Action dated January 19, 2006 and this rejection is incorporated herein by reference.

The applicants have amended claims 5, 9 and 12 to essentially recite that a healthcare user charges goods or services, especially health care goods and services, and these services are offered to the user by the provider at a discount and by the user having the credit card they are able to charge the goods/services to the credit card and the credit card enables them to get the goods/services they are purchasing at a discount.

This concept is taught by M&T (see Abstract). At the time of the invention, it would have been obvious for one of ordinary skill in the art to have employed the concept taught by M& T to the combined method of Volz in view of HealthCare and SimpleCare with the motivation of having a means whereby a user could charge healthcare goods and services to a credit card and also receive discounts on those purchases using the same card, as recited in M&T (Abstract).

***Response to Arguments***

4. Applicant's arguments with respect to claims 2-3 and 5-12 have been considered but are moot in view of the new ground of rejection.

5. The examiner would like to point out that in the remarks section the applicants argue against the 35 U.S.C. 103(a) rejection of Volz in view of Healthcare. However, the rejection in the Office Action dated January 19, 2006 was over Volz in view of Healthcare and Simplecare. The applicants are reminded that in order to attempt to overcome a 35 U.S.C. 103(a) rejection the applicants need to argue against the combination of all the applied references in the rejection.

***Conclusion***

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period

will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
